

SMARTTRIM™ FOR BARCO UNISEE® GENERATION 2

Clicks into place

An elegant trim, easy to install, for Barco UniSee Gen 2.

Note: This product is only for the second generation of Barco UniSee (UNI-0005 and UNI-0007).

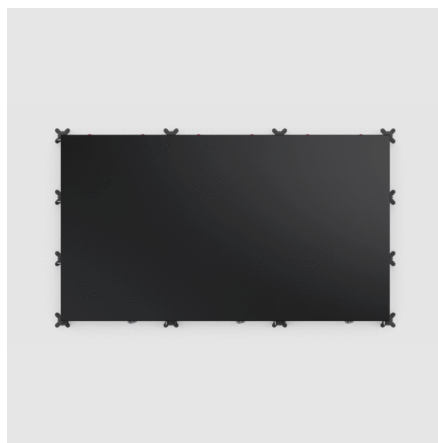

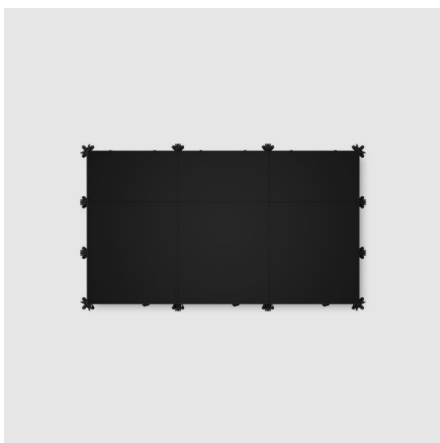

SmartTrim™ is a patent pending solution developed by SMS Smart Media Solutions. It provides the final touch - an elegant trim, easy to install - for a wide range of standard and custom Barco UniSee configurations.

SmartTrim™ attaches quickly and simply to the existing UniSee X mounts, clicking into place with adjustable magnets. Within our tailored concept we can design custom powder coat colors, wood veneers, and laminates allowing the trim to match almost any installation design, giving a great tailored appearance.

SMS offers standard kits for typical wall-mounted UniSee video walls, including 2x2, 3x3, and 4x4 as well as 2x4 and 3x4 configurations.

The black version is usually available for immediate delivery.

If you need another configuration than specified here, please contact us to request a tailored solution.
