## Attention on wheels

### A mobile floorstand for small and medium displays

Meet the updated version of an Iconic stand.

The Icon FM MT is a clean-lined and attractive floor stand on wheels for small to medium sized displays. This makes the screen easy to move around to wherever you need. The X-shaped foot is both sleek and functional and goes through the complete Icon FM & FH range for a uniform look.

The stand can hold screens up to 50" and 25 kg and the screen can also be tilted.

The Icon FM MT can also feature practical shelving, which is available in different styles and designs.

This bracket presents the pictures wherever it suits you best.

It is available in different lengths and you can choose between a silver/aluminum or a black look.
