

SMS X VIDEO CONFERENCE CODEC SHELF

One camera shelf - many possibilities.

A camera shelf with space for both camera and codec, so that everything is in one place. It can be mounted above the screens or on the column under them. It is possible to place the codec (or other equipment) separately from the camera by combining the Codec Shelf with our Camera Shelf. The shelf is supplied with a holder compatible with all videoconference brackets in the X-series.

SMS X VIDEO CONFERENCE CODEC SHELF CAN BE USED WITH:
